Hi Gwen,

These are informational meetings unrelated to the watershed assessment. We are doing these mining information sessions for native villages around the state. The Bristol Bay sessions were originally planned around the time that Ted Stevens' plane crashed, so they were rescheduled.

Hi Phil,

Marie alerted me to these announcements flying around the internet.
You may want to contact these folks (Pebble Watch).

If this refers to our potential meetings, these dates are not correct.

Cheers

Gwen

Hi Gwen:

I just wanted to alert you to this email that has been flying around among the NGOs that just came to my attention. Wonder what this is all about??? The info can be found on the Bristol Bay Native Corporation's website page called, "Pebble Watch."
